The New York Science, Technology, Engineering and Mathematics (STEM) Incentive Program is now available for the class of 2014 high school graduates.

What it does:

- Provides a full **SUNY** or **CUNY** tuition scholarship

Who it's for:

- Top 10 percent of students graduating in each New York State high school

How it works:

- Student pursues a STEM degree in an associates or bachelor degree program and agrees to work in an approved STEM field in New York State for 5 years after graduation
